

The Rosemary Project

In 2014 our club decided to set up a project that would support families that care for children with various challenging issues. We named this initiative our Rosemary Project. It was apparent to us that one way to support families was to offer a chance to have a family day out, a simple carefree day filled with happy memories.

What We Do

The Rosemary project offers families a day out that includes every possible support to ensure that everyone can celebrate and relax. Many families have benefited from the project over the years. Your family chooses the type of trip that best suits them. This may be a trip to Dublin Zoo, to Fota Wildlife Park, to Emerald Park or a concert. Whatever the venue or event we will try to make it possible.

We would like to help

We all look back at photographs taken on days out and simply recalling that day can bring a smile. That is what we are trying to do with this project - to give a reason to smile.

Next Steps

The Rosemary Project confidentially supports you and funds the entire cost of the chosen trip. We are careful to ensure confidentiality.

Take a well deserved break and enjoy a day with your family.
